

Rebuttal: True Answers to Hard Questions – Did God Really Create Life – Genesis 1:26-27
FBC Nacogdoches – Sunday, September 2020 – A.M. Message

Message Description

— We hear so much today about how evolution explains the living world; how it explains the diversity of living creatures; and how it explains the origin of human life. Well, what does the Bible say? Are we just highly evolved apes or are we created in the image of God? How does a Christian embrace the biblical account and all the contradictory claims we often hear? In this message we will take a close look at both the biblical message and the scientific theories, and learn how to answer these difficult questions.
