

# PUBLIC READ-THROUGH OF THE BIBLE INSTRUCTIONS FOR SECURITY PERSONNEL

April 10-15, 2022

---

Thank you for facilitating our public reading of the entire Bible by serving as security for our readers. It would not be possible without your assistance. May God bless this effort, our church, and our community.

Please be on time and ready to assist in any way during your shift. If the reader needs assistance with the stool, chair, microphone, Bible reading instructions (provided), or anything else, please jump in to help. If there are observers loitering about, who need a place to sit, please assist them in getting chairs or stools (provided), or even a table if they want to eat while they listen.

If we have bad weather and we need to adjust the setup, please assist in that process. We hope to be able to leave out all the equipment and continue the reading under the tent even in rainy weather; however, if the wind and rain begin to create problems for the readers, please assist in the moving of the lectern and sound system into the foyer of the chapel. The chapel doors will be accessible at all times.

If someone does not show up to read, please call them to see if they are on their way. A list of the assigned readers and the contact information for each is provided. If you cannot get in touch with them, please call Tom Webster right away regardless of the hour (903-407-2123).

If there is an emergency of any kind, please call 911, then call Tom Webster (903-407-2123) and the church office (936-564-7379).

Please familiarize yourself with the instructions for the readers and ensure the readers follow those instructions.
